2. All contestants must be 12 years of age with written parental consent through age 18. All drivers must wear shoes that completely cover the foot (no sandals), shirt, and long pants before they are permitted to compete. Judges have the right to re-weigh or re-tech any tractor anytime during or after the pull.

3. All engine fans must be shrouded with factory shroud or min. of 1/16" thick steel.
4. No weight may extend more than 24" beyond the most forward point of the tractor.
5. The tractor tires must remain in the boundaries of the contest course.
6. Min. draw bar length of 18" from the center of the rear axle to the point of hook. Draw bar must be stationary in all directions. Max. height of 20" from top of hitching device parallel to the ground. Clevis to be measured to the center.
7. Draw bar to be equipped with steel hitching device not more than 1.5" thick & a 3 1/2" diameter opening. Cross sectional thickness must be measured 7/8" min. to 1.5" max. Pulling point must not be more than 1.5" from back edge of the pulling device.
8. No pressurized tanks unless UL approved. No nitrous oxide, oxygen, or propane.
9. No water injection.
10. All tractors must compete using the fuel that was intended by the factory.
11. All tractors competing must run under a working governor.
12. No portion of the tractor may interfere with any portion of the sled or the sled hitching device during the pull. This includes weights.
13. All weights must be secured to the tractor (no tarp straps). No weights permitted on the seat or deck, inc. cab tractors. Any ballast or external parts lost while hooked to the sled will be cause for disqualification of that class, excluding internal parts.
14. All tractors must be equipped with workable rear brakes. Use of torque converters, power shifts, etc. is permitted.
15. Contestant has 100' to the front of the tractor to decide on change of gear, one restart per class. No restart permitted in a pull off.
16. Driver must be in total control of the tractor at all times while pulling and operate in a safe manner or be disqualified at the discretion of the flag person.
17. Tractor must be stopped upon signal from either track official. Pull is considered over when forward motion of the sled stops, no hole digging allowed.
18. All tractors must be in neutral or park transmission selector while being hooked and unhooked.
19. The number one puller will be the test puller, and may take the pull if the working condition of the weight machine is satisfactory. Driver will have the option to take the pull or drop to the sixth pulling position. All decisions on re-pulls must be made before the tractor leaves the track. In the event the weight transfer is changed, there is no option to drop.
20. Each contestant may spot the sled for their pull. Contestant must notify track official or sled operator before the sled is backed into start position.
21. All contestants must pull in position drawn within 3 minutes of sled spotting or will be disqualified. Track officials must be notified of any delays, and then the contestant may become last puller.
22. All pulls must start with a tight hitch, no jerking.
23. Disqualification for any reason will result in no prize monies for that class.
24. Registration closes at the start of the first class, unless due to traffic conditions. Judges' decision to be final.

25. No bracing above center of rear axle unless cradled, except complete factory setup.
